

*European Hospital & Healthcare
Employers' Association*

Be a member of HOSPEEM

HOSPEEM represents national hospital employers' organisations and promotes their interests on workforce-related and other industrial relations issues in the hospital and healthcare sector since 2005. HOSPEEM is officially recognised as a European Sectoral Social Partner alongside with EPSU, our trade union counterpart. The European Commission is obliged to consult us on any draft proposals in our sector.

Key benefits

- Reinforce your influence at national level
- Receive support to implement outcomes of Social Dialogue
- Exchange experience and good practices in a structured platform

- Influence directly policy-making at EU level
- Give your organisation a voice and visibility at European level
- Negotiate agreements that can be transposed into European legislation
- Gain influence at the cross-sectoral level as HOSPEEM is a member of CEEP

Join us to be involved in the European Social Dialogue and to influence policy-making at European level

Who can apply?

Associations from European Union Member States and countries belonging to EFTA representing independent hospital and healthcare employers at national and/or local level with the powers to negotiate on pay terms and conditions of service with their respective trade union partners. HOSPEEM represents public and private hospital and healthcare employers.

“ARAN was a key player in the HOSPEEM negotiations on sharp injuries reaching a good agreement for both Social Partners that became an EU Directive.”

ARAN, Marta Branca, Italy

“With the HOSPEEM membership we can get better equipped for the future of the healthcare sector through networking and dialogue.”

SALAR, Sandra Bergendorff, Sweden

“HSE is a strong supporter of the necessity of being centrally represented in the decision making process, that occur at EU level.”

HSE, John Delamere, Ireland

Let's build the future of
HOSPITAL CARE

“Throughout this last ten years, our organization has gained a lot of experience with the opportunity to attend meetings (...) projects and working groups.”

NAHCO, Prof. Habil Vinsas Janusonis, Lithuania
